VERIFICATION OF TRANSLATION

I, Eva Lanyi, a translator with Chillson Translating Service, 3530 Chas Drive, Hampstead, Maryland, 21074, hereby declare as follows:

That I am familiar with the German and English languages;

That I am capable of translating from German to English;

That the translation attached hereto is a true and accurate translation of the German patent WO 00/24345 titled, "REHABILITATION DEVICE;"

That all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true;

And further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any registration resulting therefrom.

(54) Title: REHABILITATION DEVICE

(57) Abstract

The invention relates to an improved rehabilitation device
for treating a hump back and forward drooping shoulders. Said

device has the following characteristics: it comprises a base section (1) which can be put on the back of a patient, said base section (1) comprises a support (3), said support (3) is arranged or configured in a transverse direction to the longitudinal axis (5) of the rehabilitation device; a function unit (31) is provided above the support (3), comprising two counter-supports (13) that face the support (3) and are off-set in relation to one another, and the rehabilitation device is provided with a release section (27) by which the two counter-supports (13) can be swiveled around the swivel axis (29) formed by the support (3).
